

Home Emergency Plan

Think about the different kind of emergencies that could affect you. Print and complete this page for different emergencies.

The following emergencies may affect South Australian households. Tick the ones you know might happen in your area:

- Storms with damaging winds and hail
- Flood or flash flooding
- Coastal or tidal surge
- Heatwave
- Power, gas or mains water outages

What emergencies could affect us?

List each type and describe briefly how it could affect your household.

Who is included in this plan?

What will we do if some of us are not at home?

For each type of emergency, list the trigger for action (e.g. extreme weather or flood warning)
